

ISM/LORA/NB-IOT/LPWA/SIGFOX ANTENNA SOLUTIONS

Maxtena offers a wide selection of ISM/LORA/NB-IOT/LPWA/SIGFOX Antenna Solutions that operate within the 800-928 MHz, 2.4 GHz and 5.7-5.8 bands and include a wide variety of indoor and outdoor antennas. ISM antennas are ideal for various installations for IOT, smart metering, digital signage, and industrial monitoring.

Our antennas are available in several different sizes depending on customer requirements. These antennas can be customized with different cable lengths and connectors upon request.

ISM/LORA/NB-IOT/LPWA/SIGFOX ANTENNA SOLUTIONS

ME-868-01-SMA
868 MHz ISM- Connector Mount

ISM band antenna operating at 868 MHz / Low profile: Ø 9 x 48.0mm / Easy installation/ SMA Male Connector/ Connector Mount

ME-915-01-SMA
915 MHz ISM Antenna- Connector Mount

ISM band antenna operating at 915MHz / Low profile: Ø 9 x 48.0mm / Easy installation/ SMA Male Connector/ Connector Mount

ME-868-915-SMA
High Performance 868-915 MHz ISM Antenna

LoRa/Sigfox/ ISM Band coverage /Screw mount/ Low profile: Ø48 x 82 mm/SMA Male connector / Rated IP67/3m cable length RG58U

ME-868-SM
High Performance 868 MHz ISM Antenna

Frequency ranges: 868MHz frequencies /Screw mount/ Low profile: Ø 48 x 82 mm/SMA connector / Rated IP67/3m cable length RG58U

ME-915-SM
High Performance 915 MHz ISM Antenna

Frequency ranges: 915MHz frequencies /Screw mount/ Low profile: Ø 48 x 82 mm/SMA connector / Rated IP67/3m cable length RG58U

ME-LGI-SM
3in1 antenna Screw Mount External (Cellular/LTE, ISM & GNSS Antenna)

Cellular/LTE, 2.4/5.0 GHz ISM and GNSS /Screw mount/ Low profile: 80 × 74 × 25.6 mm /SMA connector / Rated IP67/2m cable length

ME-868-915-N
Ultra-Rugged Dipole Antenna

SigFox/LoRA/ISM (868MHz – 915MHz)/ N-connector / Rated IP65

ME-2400-UWB-SM
High Performance 2.4 GHz WIFI Antenna

Wi-Fi/ISM/ZigBee/WLAN/Bluetooth 2.4GHz frequencies /Screw mount/ Low profile: Ø 48 x 82 mm/SMA male connector / Rated IP67/3m cable length RG58U

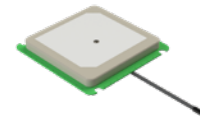

ISM/LORA/NB-IOT/LPWA/SIGFOX ANTENNA SOLUTIONS

ME-A-LW2-SM

2in1 antenna Screw Mount External (Cellular/LTE, ISM & GNSS Antenna)

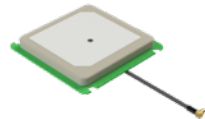

Cellular/LTE and 2.4/5.0GHz ISM /Screw mount/ Low profile: 80 x 74 x 43 mm/SMA Male/2m cable length

MPA-716-915

915 MHz ISM Passive Patch

High performance passive LoRa and Sigfox patch antenna / Embedded applications / Interface connector (through pin solution) / RG178 and MMCX male right-angle connector

MPA-716-868

868 MHz ISM Passive Patch

High performance ceramic patch passive LoRa and Sigfox patch antenna / Embedded applications / Interface connector (through pin solution) / RG178 and MMCX male right-angle connector

ME-A-868-ISM

868 MHz ISM Screw Mount

High gain & efficiency antenna for 868MHz wireless applications/ Designed for IoT, Telematics and remote metering mesh installations and systems/ Antenna housing black UV resistant rugged plastics and a heavy-duty metal base/ Customizable Cable and Connector

ME-A-915-ISM

915 MHz ISM Screw Mount

High gain & efficiency antenna for 915MHz wireless applications/ Designed for IoT, Telematics and remote metering mesh installations and systems / Stable long-range connectivity with high throughput data to devices for 915MHz needs

ME-A-868-SM-LP

868 MHz ISM Antenna – Screw Mount

868 MHz wireless applications/black UV resistant rugged plastics and a heavy-duty metal base/ Customizable Cable and Connector

ME-A-915-SM-LP

915 MHz ISM Antenna – Screw Mount

High gain & efficiency antenna for 915MHz wireless applications / Designed for IoT, Telematics and remote metering mesh installations and systems / Antenna housing black UV-resistant rugged plastics and a heavy-duty metal base / Customizable Cable and Connector

ME-A-2400-MM

2.4 GHz ISM Antenna – Magnetic Mount

2.4 GHz ISM standard frequencies/ Low profile/ IP67 / anti-rotation mounting/ One cable with a SMA-Male standard connector, 3m standard cable length/ Customizable by offering additional connector types, cable lengths and cable types

ISM/LORA/NB-IOT/LPWA/SIGFOX ANTENNA SOLUTIONS

ME-915-SW-SMA
915 MHz ISM Antenna – Screw Mount

ISM band at 915MHz/ Screw Mount/ IP67 rated housing / anti rotation mounting

ME-915-MIMO-ISM-SM
Cellular/LTE MIMO and 915 MHz ISM Screw Mount

High performance antenna Cellular/LTE & 915 MHz ISM frequency coverage / Ground Plane Independent / Low profile: Ø96 x 90 mm

ME-900-L-SM
2 in 1 antenna Screw Mount (868/915 MHz ISM/LTE)

High performance 2 in 1 antenna: Cellular/LTE & ISM bands / Easy Mounting / Low profile: 80 x 76 x 13 mm / IP67

ME-900-W2-SM
2 in 1 antenna Screw mount (2.4/5.0 GHz & 868/915 MHz ISM)

2.4/5.0 GHz & ISM bands / Easy Mounting / Low profile: 80 x 76 x 13 mm / IP67

ME-2490-AM
2.4/5.0/6.0 GHz ISM Adhesive Mount

2.4/5.0/6.0 GHz ISM Band/ Ground Plane Independent/ Customizable Cable and Connector

ME-2490-VM
2.4/5.0 GHz ISM Velcro/Adhesive Mount

2.4/5.0 GHz ISM frequency range/ Ground Plane Independent/ Customizable Cable and Connector
